

SeedFolk – Town Layout Map & Environmental Narrative

Date: 05/20/2022

Central Theme:

"Trapped by Highways"

The neighborhood is physically and symbolically **encircled by roads**, isolating it like a modern-day internment camp or containment zone.

Key Map Elements:

- Center:
 - Labeled “**dump**” – symbolizing a central waste site
 - Surrounded by tight housing clusters and paths

- **Outer Ring:**

- Dense structures / homes → possibly public housing or low-income units
 - Entire community **boxed in** by looping roadways
-

 Noted Elements & Symbols:

- **Grocery path / route** → leads in/out of neighborhood
 - **52 blocks** circled – possibly marking the **extent of trapped region**
 - **Fast food / garden** area on outer edge
 - **Rain barrel, water tap gone in 5 mins, groceries gone in 8 mins**
→ Represents **scarcity and urgency** of resources
 - **Growin' Enoma, elevated** – perhaps a vertical garden or elevated grow bed
 - **Kitchen energy** and **grid energy** → indicating DIY vs external energy solutions
-

 Interpretation:

This map represents Tye's world as a **post-apocalyptic or urban survival sim**.

He must grow, recycle, build, and survive in a trapped zone with **limited resources**, surrounded by a system designed to keep him in.
